Our thanks

In 1892, Paul Gustav Leander Pfund opened his beautifully designed dairy shop on Bautzner Straße 79 and supplied the people of Dresden with dairy products such as milk, cheese, yoghurt and condensed milk. At the time, he certainly could not have imagined that his shop would still exist in all its glory after more than 130 years.

We would like to take this opportunity to thank all our guests and partners for their trust, loyalty and feedback.

We hope that our dairy shop will continue to exist for another 130 years and that it will continue to amaze people for generations to come.

We hope you enjoy our festive season and look forward to continuing to welcome you to our milk shop as well as our two other shops.
